

## FREE RAININ PIPETTE WITH METTLER TOLEDO EXCELLENCE OR MS-TS BALANCES

### RAININ PIPETTES - PERFORMANCE YOU CAN FEEL

Rainin's Pipet-Lite XLS+ manual single channel pipette blends cutting-edge engineering and innovation to deliver highly reproducible results with exceptional comfort.

**FREE with Purchase**

### EXCELLENCE BALANCES - UNCOMPROMISED EXCELLENCE IN WEIGHING.

From ultra-microbalances through to high capacity precision balances. Whether you want to weigh a few micrograms or several kilograms, Excellence balances enable you to achieve outstanding weighing accuracy.

**Unmatched performance** - Thanks to high resolution weighing cells, XPR balances offer the best repeatability and lowest minimum weight for each balance type.

**Common user interface** - All balances across the XPR line feature the same terminal with the same intuitive XPR user interface.

**Fast and stable results** - The SmartGrid and SmartPan significantly reduce the effects of air turbulence on the weighing cell.

**Flexible solutions** - A wide range of accessories including ergoclips, antistatic solutions, printers, and Lab X software makes it easy to customize your balance for your weighing applications.

### MS-TS BALANCES - ACCURATE RESULTS AND ROBUSTNESS

These robust balances incorporate advanced technology so that you know you can trust your results. User guidance, an intuitive graphical user interface and built-in applications make daily weighing tasks simple. Clever design features make MS balances easy to clean and take care of too.

**Monobloc weigh cell** - The renowned MonoBloc weighing cell, with FACT automatic internal adjustment, delivers consistently reliable results.

**Metal housing ensures long balance lifetime**

**Easy to use touch screen** - The 7" extra-large color TFT touchscreen display is operable through cotton, silicon and rubber gloves.

**Built-in function simplifies balance leveling**
